

We are so sorry for your/our loss. Intellectually, we all know that this is all part of the journey we all partake, but it doesn't make it any easier at times like this.

### **Forget Me Not**

Forget me not  
When I am gone  
In hearts and prayers  
I will live on  
Be strong, be brave  
And dry your tears  
Remember all  
Our happy years
